That is Hunter S Thompson isn't it? It certainly reads like him

I read quite a bit of his stuff back in the day, for instance "Fear and Loathing in Las Vegas" which was the standout. A hilarious tale of extreme drug abuse in the heart of darkness that was Vegas in those days [probably still is but I'm out of touch with such temples to mammon now. I hate such places]

And

"Hells Angels: a strange and terrible saga" Plus

"Fear and Loathing on the Campaign Trail '72" ["The best, the fastest, the hippest and the most unorthodox account ever published of the US presidential electoral process in all its madness and corruption"]

Plus many articles in Rolling Stone

Unfortunately Mathis nailed him earlier this year and shattered my many illusions about Hunter. It's a feeling that I'm blase about now though, most have my old heroes have fallen since I started alternative research
